

Invitation to the 4th European Conference on Preconception Health and Care

It is our pleasure to invite you to the 4th European Conference on Preconception Health and Care entitled 'Having Children in the Future' to be held 26 - 27 September 2019 in Copenhagen, Denmark.

At this multidisciplinary conference, international researchers will introduce and discuss the latest advances and evidence in the field of fertility awareness and preconception health and care.

Please visit the conference website for further information on program, abstract submission and registration: <https://www.rigshospitalet.dk/prepreg2019>

The conference is organized by the Department of Obstetrics, and the Fertility Department, at Copenhagen University Hospital, Rigshospitalet and the Department of Public Health, University of Copenhagen.

Collaborators: The PrePreg Network, The Danish Association of Midwives, Department of Midwifery at the University College Copenhagen, and The Danish Fertility Association. The meeting is sponsored by an unrestricted educational grant from Ferring Pharmaceuticals.

We are hopeful that you will help spread the message about this exciting conference within your network and encourage your colleagues and students to submit abstracts and attend the conference.

Please note that the deadline for abstract submission is 15th of May 2019.

Hanne Kristine Hegaard

Conference President

Midwife, Associate professor, PhD

Department of Obstetrics,

Copenhagen University Hospital, Rigshospitalet
